

3 PHASES: Boarding Pass to Cloud

Many businesses acknowledge the benefits adopting the Cloud provides, but struggle with the actual migration because they don't have a clear roadmap. Based on our deep experience and proven expertise of moving companies just like yours to the Cloud, we created a 3 Phase process that guides your Journey to the Cloud.

1 Needs Analysis Bot

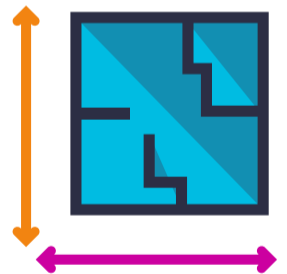

Our unique app that automates and streamlines the assessment of your readiness to move to Cloud. Using the NAB we can quickly grade your readiness to move and the effort required.

- understand business processes or app design
- uncover potential risks and pitfalls
- highlight inefficiencies in your current deployment

2 Cloud Journey Planner

Based on the outcome of Phase 1, using a series of specially designed Cloud Journey Planners — specific to on-premises Oracle applications — our customer success team will map your journey.

- your Cloud Readiness Grade
- move to Cloud recommendations
- time and cost estimate

3 Right Approach for You

Using your Cloud Journey Plan, our experienced implementation consultants will embark on implementing your new Cloud application.

- create and configure Cloud application framework
- configure business dimensions and rules
- migrate your data using Qubix CloudBridge
- modernize your Cloud with best practice innovations
- provide training to accelerate time to value
